TECH PROFILE

Passionate web developer with hands-on experience in front-end and full-stack development. Skilled in HTML5, CSS, JavaScript, React, SQL, and responsive design. Experienced through internships in Android, front-end, and full stack projects. Proficient in C/C++, Java, Python, with knowledge of UI/UX design and data tools like KNIME. Strong communicator and problem-solver, eager to build impactful digital solutions.

TECH STACKS

- **Languages:** Python,Html,Css,Javascript,Java,SQL,UI&UX
- **Frameworks:** React,Bootstrap,Taiwind css, Node.js
- **Tools:** Excel,Powerpoint,MySQL,Figma
- **Platforms:** Visual studio,SQL Server managaement studio,Android Studio
- **Soft Skills**: Strong analytical, Problem-solving abilities,Development analyst

WORK EXPERIENCE

SYMBIOTIC INFOTECH PVT LTD — MAY2025

- Developed responsive UIs using React, Tailwind CSS, and reusable component patterns.
- Integrated APIs with Axios and managed state using Context API/Redux.
- Built interactive dashboards using Chart.js and ensured cross-browser accessibility.
- Handled edge cases like loading states, errors, and missing data gracefully.

SHANTHI INFOTECH PVT LTD — DEC2024

- Designed and developed responsive, user-friendly front-end interfaces for web applications using HTML, CSS, and JavaScript.
- Worked with React to build interactive and dynamic UI components, ensuring a seamless user experience across devices.
- Collaborated with backend developers to integrate RESTful APIs, enhancing data-driven functionalities and user engagement.
- Utilized version control tools like Git for efficient code management and collaboration within a team setting.

EMPOWER GUIDING CENTER — JUL2023

- Designed and implemented a responsive eCommerce website, ensuring a seamless user experience across devices using HTML, CSS, and JavaScript.
- Developed dynamic UI components, enhancing the website's interactivity and overall user engagement.
- Integrated with back-end services to ensure smooth data flow and functionality for product listings, shopping carts, and checkout processes.

CERTIFICATIONS

- **MongoDB & Node.js** – Developer Path SmartBridge Certification Program
- **MERN Stack** – Developer Path SmartBridge Certification Program
- **Front -End Development** – Shanthi Infotech
- **Completed a Course** – C/C++, Java,Python
- **UIUX Designing** – Codsoft PVT LTD
- **Cybersecurity** – IBM (Edunet) CSR
- **Cloud** – IBM Skill Builder

PROJECTS

Roamie Bliss (Tour and Travel): Developed the front-end of the Roamie Bliss tour and travel website using React, creating a dynamic, user-friendly interface for browsing tour packages, booking, and managing user profiles. Implemented responsive design to ensure seamless access across devices and integrated with APIs to provide real-time tour details.**Technologies:**React **Live** :- *Open it*

Smart Attendance System: Developed a smart attendance system using AI to automate student attendance recording. The system utilizes facial recognition technology to mark attendance in real time, reducing manual effort and improving accuracy.**Technologies:** Python, OpenCV, TensorFlow,Excel

House Rent App using MERN Stack:A full-stack rental platform where users can explore property listings, book homes, and manage rentals. **Technologies:**MongoDB, Express, React, and Node.js

Beauty Potential UI: Built an e-commerce platform for purchasing beauty products, including features like search, shopping cart, and order history. **Technologies:**Figma

Netflix Front-End Clone: Design replicates the homepage UI with featured content, smooth transitions, and modern layout focused on clean UX and engaging visual appeal. **Technologies:** HTML,CSS,JavaScript
